

Pickles

Pickles is a hopping rabbit, he jumps like a spring

He can get very crazy sometimes, crazy like a dog!

He can also be cute but not all the time, I think he is as cute as a button.

When he sleeps, he sleeps like a baby and lies on his back

Now, Pickles is noisy, but not settled at all when he lies down on his back, he is loud as a dog.

He can also get ferry annoying at night, banging in his cage like a gorilla in a zoo!

Pickles is as white as a cloud, his fur is soft as a marshmallow, his nose is twitchy and pink and never stops sniffing

His tail is as long as a snake underneath his little round poofy tail

He is bold and brave like a warrior, but he snuggles up tightly into my lap like a baby bear.

Watch out for his teeth because he bites like a shark
BEWARE!

I wouldn't change him, he is perfect to me

My grumpy, wriggly, soft, crazy, snuggling friend Pickles

O and me and pickles have a instagram account !!!!!!!!!!!!!!!!!!!!!!!!!!!!!
