Title.....The Prancing Deer.....

Swish swoosh the drop of water fell upon the deers nose. Her eyes were diamonds sparkling in the sunlight! Her ears shivering in the cold. She can run as fast as a cheetah when predators are trying to eat her! The deers hard hooves are like they are made from metal stomping around and making the ground rumble! When the deers fight they use their long antlers as tall as a tree! They dance with passion and style! Every step is a leap of faith for deer they must be on alert all the time! There are sounds that have never been heard before in the forest.

There is a wet and muddy place underground only for the Royal Deer. They hide underground from the beast that lies on the surface! A deer's coat is so soft you could sleep on it! Their favourite food is berries so little kids creep in from the horizon and feed them fresh berries! The berries always have a lovely sweet kick to them. That is what makes them lovely to eat. The deer run across the fields and on the way they have a little snack. They travel throught the wet and dark forest to find a new home to settle down in!
